

# MrNorth, Speak No Evil

Freedom of choice  
to use your voice--  
not something that I've ever seen enforced. But uh,  
Free to be unique,  
but not to speak.  
Free to watch all of your rhetoric repeat.  
Free to decide  
to just let things slide  
I'm free to be  
however you want me.

Bad news today,  
sorry to say,  
you've been declined an open mind  
so you can

Shut your mouth!  
Shut it down!  
Has the point gotten through?  
Shut your mouth!  
You keep it down!

Ooh ooh, ooh ooh.

When you're not here  
t'would seem so clear:  
be what you like, say what you like and have not fear  
but like, big kids at school  
consumed by cool  
trained to spit on all exceptions to the rule.  
Now but, inside your mind  
you feel so confined  
it's hard to breathe.  
You can get no release.  
Boxed in and left out,  
you wanna shout.  
You wanna rant, you know you can't  
so you just

Shut your mouth!  
Shut it down!  
Has the point gotten through?  
Shut your mouth!  
You keep it down!  
Oh boy, there's no telling you.

Hot today.  
What you say.  
Man you got your point made  
I think you made a mistake  
Leaving this shift as fate  
for you to say  
'okay, woakay, woahkay!

ooh ooh, ooh ooh.

Freedom of choice  
to use your voice--  
not something that I've ever seen enforced.  
Boxed in and left out,  
you wanna shout.  
You wanna rant, you know you can't  
So you just

Shut your mouth!  
Shut it down!  
Has the point gotten through?  
Shut your mouth!  
You keep it down!  
Ah boy there's not telling you?

Shut  
your  
mouth  
Shut your mouth now  
D'you know who you're talking to?  
Shut your mouth.  
You keep it down.

Ooh ooh, ooh ooh.  
Ooh ooh, ooh ooh.  
Ooh ooh, ooh ooh.  
Ooh ooh, ooh ooh.
