

MU330, Fist Fulla Nuts

Oh, you wanna say that you love me, (Love me...)
But do you know what's there?
But you wanna say that you care, (That you care...)
'Cause I'm not quite prepared.
You wanna hug, kiss and hold me, (Hold me...)
But I'm still afraid.
I think you shoulda told me (Told me...)
That you're not the same.
Yeah.
Oh, you wanna say that you love me, (Love me...)
But do you know what's there?
But you wanna say that you care, (That you care...)
'Cause I'm not quite prepared.
Maybe you're not who you seem?
You're not who you used to be.
Is this all just a dream?
Are you he or a she?
Oh, you wanna say that you love me, (Love me...)
But do you know what's there?
Oh, you wanna say that you care, (That you care...)
'Cause I'm not quite prepared.
You wanna hug, kiss and hold me, (Hold me...)
But I'm still afraid.
I think you shoulda told me (Told me...)
That you're not the same.
