Hey, you big dumb ape,  
Pick on someone your own size.  
Hey, you big dumb ape,  
Pick on someone your own size.  
Hey, you big dumb ape,  
Pick on someone your own size.  
Hey, you big dumb ape,  
Pick on someone your own size.  
Why don't you just let her go?  
She's no bigger than your toe.  
Wow, the chimp can climb a building,  
Cyclone flames, he more than killed him.  
Big dumb ape's ain't got no soul,  
Their heads are just an empty hole.  
But King Kong, needed just a little love, a little love,  
To teach him not to show these little men around.  
But King Kong, needed just a little love, a little love,  
To teach him not to show...

Their heads are just an empty hole, woah.

To teach him not to show these little men around.
