

# MU330, Let's Go Again

So what you've been let go again you probably  
Ran your mouth too much, too into yourself  
You're out of touch, You've been let to again  
So what so what you've been let go again you  
Set yourself up for the big one, I didn't think  
You could be so dumb, You've been let go again  
So what, why have I been let go again
