

MU330, Safety Boots

Start marching!

You're wearing safety boots late at night,

Your momma said you'd better watch out for a fight.

And then I thought I'd better carry a gun

In case I'm gonna have to knock off someone.

"You'd better move on outta my way now,

Before I roll right over you.

You'd better move on outta my way now,

Before I roll right over you .

I'll be you're jump master, baby,

And I'll never jump you wrong."
