

MU330, Stagnant Water

Wouldn't it be nice if we could stay the same way?
Forget about what happened the other day
Mosquitoes breed in stagnant water
It'd be great if I could laugh it away
All debts canceled so easy
Mosquitoes breed in stagnant water
I swam on stream on spring
I shot my wife, spread my seed
I died the next day
Died the next day
I'm still glad it ended that way
Mosquitoes breed in stagnant water
You could be queen and I'd be your king
You could be innocent and I'd be trusting
I'd hold on and I'd believe you
I'd forget about who touched you
Mosquitoes breed in stagnant water
Mosquitoes breed in stagnant water
Mosquitoes breed in stagnant water
