

# Mud Flow, Tiny Tale

I don't wanna die  
Don't wanna live  
Would like to sleep all my life  
I suffer the same  
Suffer everyday  
Could feel my own pain inside of me

But you are not freezing  
You're not even thinking  
You're not even trying  
To understand me  
And you are in my brain  
You're not even my pain  
You're not even my friend  
You're not even myself

I'm not a toy, selfish existence  
Could feel my own soul but it's gone away  
I broke an eye today, another yesterday  
Could feel my own fear, but it's far away

I'm not afraid to die

I don't wanna die  
Don't wanna live  
Would like to sleep all my life  
I suffer the same  
Suffer everyday  
Could feel my own pain inside of me

I'm not afraid to die
