

Mud Flow, Your X

It's so cool it's so cool to move you like I do
I've got a supersense of pleasure baby
Have no fear cuz it works
In your mouth in your hand
You've got a supersense of shame
And I like it like this

I focus on your ass and your ass is stylish
I can't wait to see the good surprise on the other side

I just can control myself I wanna come into your X
If only I could have you back again and again
Oh no

It's so weird it's so weird to see you on TV
I love the way you move your hips on the funky music
It's the price that you pay for your crimes
You've got a supersense of rhythm baby it's your pride

I just can't control myself I wanna come into your X
If only I could have you back again and again
In my dreams

It's so cool it's so cool to tease you like I do
I've got a supersense of pleasure baby
Have no fear cuz it works in your mouth in your hand
You've got a supersense of shame and I like it like this

I focus on your ass and your ass is stylish
I can't wait to see the good surprise on the other side
