

# Muddy Waters, She's Into Something

Say what you do!

Snappin of a finger make a dog wag it's tail  
A whistle from her voice make a train jump it's rail  
Take her to the racetrack show her face  
A horse in years'll come in first place!

She's into something  
She's into something  
She's into something  
You should be into something too!

Well you laughted at her about a week ago  
Now she's met a man with a whole lotta dough and oh yeah he's rich! I seen the money!  
And all she had to was to call the man "Honey";

She's into something  
She's into something  
She's into something  
You should be into something too!

She rides around town  
On her wheel  
Oh yeah you might say she got herself a stone-cold deal  
One thing the girl, she dont have to do  
Is worry 'bout no money when the payment's due!

She's into something  
She's into something  
She's into something man you shouldbe into someting too!
