

Mudhoney, Burn It Clean

Got it burning so hot it shines
The route I'm on has got no signs
They say I fuse my only light
The fruit I eat is overripe

Burn it clean
Burn it clean

Get topped, they lose, so lose your turn
Got it right from the start
Our mission to burn
Lost my turn and gained a sin
Got to see it, got to see it going in
Yeah

Burn it clean
Burn it clean

One more tight knot tight under the collar
You would do anything for a dollar
Burn it thick 'til I can't name
Got to see, it got to see it go up in flames

Burn it clean
Burn it clean
