

Mudhoney, Overblown

Everybody loves us
Everybody loves our town
That's why I'm thinking lately
Don't believe in it now

HEY!
HEY!
HEY!
It's so overblown

Everybody loves us
Man, they give me the creeps
And you're up there shaking and flexing
Display you're the macho freak

Now you got their attention
And you got so very far
They gave you your very own spotlight
Just like some real rockstar

HEY!
HEY!
HEY!
It's so overblown

Show 'em Stevie!

Got a sack full of candy
All I got was a rock
It's got you by your big business boy
Nice to know you're packing extra socks

Everybody loves us
Everybody's getting kinda old
Couldn't hold a regular job
Long live rock'n'roll

HEY!
HEY!
HEY!
It's so overblown
Overblown
Overblown
Overblown
It's all over and done

(Song is featured on the soundtrack for the movie "Singles")
