## Mudhoney, Pokin' Around

Alone the kitchen with the Crap in the cupboard You save for later For when he leaves you all alone You're so excited He's finally gone You used to miss him Now you're so turned on You used to miss him Now you're so turned on

Pokin' around
Gotten out of hand
I feel for you
I feel for you
Pokin' around
Lover you can't stand
I feel for you
I feel for

I hover above you
Looking over your shoulder
In the dingy kitchen
You're looking so much older
He's out on the town
Looking for you
Living the way you'd like
You make your own truth
Livin' the way you'd like
You make your own truth

Pokin' around
Gotten out of hand
I feel for you
I feel for you
Pokin' around
Wants another hole
I feel for you
I feel for you
Pokin' around
Lover, you can't stand
I feel for you
I feel for you
