

Mudhoney, Revolution

Alright.. Look out
I'm sick.. I'm so sick
Of getting sick everytime I lose my connections
I'm tired.. So tired
Of getting up in the morning, for that long uphill walk
To the methadone clinic
There's gotta be an easier way

Hold on a second..
It's burning
There's a change coming
In my blackened spoon
And I suggest to you
That it takes 5 seconds.. Just 5 seconds
To put a morphine suppository
All the way inside

Brothers and Sisters
Do you know what I'm talking about?
Yeah..
I'm talking about a full on motherfucking Revolution
