

Mudhoney, Suck You Dry

Pull yourself together
Take a stab at forever
Relax and let yourself go
Put yourself together
Take a shot at forever
Sit back, let the tears flow

No time like the present
To get ripped apart
Got this burning desire
Aiming straight for your heart
Suck dry
Suck you dry
Can't breath until
I suck you dry

Come a little closer
Before I slide over
Come on, I want you to burn
Come a little closer
Before I take you over
Come now, watch myself burn

No time like the present
To get ripped apart
Got this burning desire
Aiming straight for your heart
Suck dry
Suck you dry
Can't breath until
I suck you dry

No time like the present
To get ripped apart
Got this burning desire
Aiming straight for your heart
Suck dry
Suck you dry
Can't breath until
I suck you dry
