

Mudmen, Animal

Hello, hello, I'm just an animal
And I don't feel no pain
I know, I know, I'll be the last to go
Cuz I don't feel the same

I don't know much, I don't feel touch
I don't need anything; I don't have pride to make me fall
I don't need youth, I don't plead truth
don't feel like offering; anyway out of here at all

I won't fade away

Hello, hello, I'm just an animal
And I don't feel no pain
I know, I know, I'll be the last to go
Cuz I don't feel the same

I don't know want, I don't want that
I just know suffering; there's nothing left behind the wall
And I've been used, I've been abused
I just feel menacing; they tore me up and let me fall

I don't feel no pain
I won't fade away

Hello, hello, I'm just an animal
And I don't feel no pain
I know, I know, I'll be the last to go
Cuz I don't feel the same

Hello, hello, I'm just an animal
Hello, hello, I'm just an animal

I'm just an animal
I'm just an animal

I'm pathological, I'm uncontrollable
Lost in the protocol, I'm just a criminal,
I wanna make you crawl, I wanna burn it all
Till there's nothing left to call, Your fuck'n animal
