

# Mudvayne, Seed

Fall down

Cant pick myself up off the ground

Head down

I see catastrophe

And its right in front of me

Mother father please dont make me choose between you

I love both of you

Mother please, all I want to be is just little me

Father please, all I want to be is your son

No fair

Trespass the tiny mind of a child

Despair

In my world surrounds me

Its immersed me

Rips right through me

Remember

The day they told me-I'm so scared

Suffer

My wounds not healing

Mother please, all I want to be is just little me Father please, all I want to be is your son

Sometimes

In dark my mind will roam

To a time

Is spent alone as a child, as a small boy

Look at what you did to me

See what you did to me

Look at what you did to me

See what you did to me

I died that day

All i want to say

Mother please, all I want to be is a little deep inside of you

Father please, all i want to be is a little me back inside of you

What now?

Fuck you!

What now?

Fuck you!

What now?

Fuck!
