

Mungo Jerry, I Need It

When I gaze into your eyes, you look just like a child,
An' when I get up close to you, girl it makes me real wild,
You wear your dresses oh so tight, you wear your hair so long,
An' every time I touch you girl, it makes me come so strong,

Chorus:

I need it, need it, girl you know I need your love,
I need it, need it, girl you know I need your love,

Can't help the way I feel right now, I can't control myself,
No other woman turns me on, I don't want no one else,
Let me feel your warm soft body, right up close to mine,
Let me penetrate your lips an' fill you with delight,

Repeat Chorus:

Do you feel the same way when I'm with you,
Do I make you want to groove?
Come into my room tonight, I'll show you how to move,
You'll feel the power feel the pain, feel the heat inside,
Grip my naked body, and I'll show you how to ride,

Repeat Chorus:
