

Mungo Jerry, Maybe Thats The Way

Maybe it's the way that you hold my hand,
When the sun goes down and there's shadows all around,
Maybe it's the way that you build me up,
When things go wrong and I'm feeling real down,
Anyway I can't let you go girl,
In my mind I'd do anything for you,
Been this way since the first time that I saw you,
I can't get you outta my head
Well I'm talking 'bout,
The feeling that I get when you hold me tight
Burns me right up just like dynamite,
In the winter when the cold wind blows,
I've got on my mind all the way home,
Something's strange in my body and my head,
Bin this way got this feelin' when we met,
It got stronger the first time that we touched,
Now I have you I can't love you enough
