

Mungo Jerry, Simple Things

It's the simple things that I do makes me feel so good,
Like driving real fast in my car when I take off the hood,
Feel the wind in your hair, yea, baby, it sure feels good

I woke up this morning, felt something on my mind,
I went to the doctor, there was nothing he could find,
Went and saw my woman, made me feel alright

We went for a walk in the park til the sun went down,
Took a stroll through the street and we looked at the shops in the town,
Went to a club and we danced to some wonderful sounds
