

Mungo Jerry, Time Is Now

Wake up your friends, shout out the news,
Let all the people forget 'bout the blues,
Whatever your colour, whatever your creed,
Any religion, any belief,

Chorus:

It's time the world changed, it's time, the time is now,
It's time the world changed, it's time, the time is now,

Forget about money, take off your clothes,
Shout out the message wherever you go,
Get out in the streets, get out in the parks,
Get out of the factories, get out of your cars,

Repeat Chorus:
