

Mungo Jerry, You Better Leave That Whisky Alone

Well I don't know what to do about my Mummy,
'Cos she's been on the bottle all day long,
I don't know what to do about my Mummy,
'Cos she's been on the bottle all day long,
I called the doctor 'round this morning, said I give you warning,
She'd better leave that whisky alone.

Well now Daddy went and left us last summer,
That's when Mummy took that bottle off the shelf,
I found her on the floor, crying out for more,
She don't know what to do with herself,
I called the doctor 'round this morning, said I give you warning,
She'd better leave that whisky alone.

Well now Daddy went and left us last summer,
That's when Mummy took to drinking all day long,
She started on the wheat things, and went on to the sweet things,
Now she's drinking something that's real strong,
I called the doctor 'round this morning, said I give you warning,
She'd better leave that whisky alone.

Well, you better leave that whisky alone,
Well, she'd better leave that whisky, better leave that whisky,
Better leave that whisky alone,
I called the doctor 'round this morning, said I give you warning,
She'd better leave that whisky alone.
