

Municipal Waste, Born To Party

Some say we drink too much
They say we're just not cool
Well I fucking like to party
It's what I was born to do!

Blazing through your last case
Smoking your weed
Smashing your face!

Hey man this party sucks
They're all out of beer
How can we party down?
There's no weed here
On to the next one
We'll have a good time
Hanging with ScottyRoo
Committing tank crimes!

Onward to your next case
Smoking your weed
Smashing your face
Municipal Waste is gonna fuck you up!
