

Murder City Devils, Another Round On You

Record companies want us
Cause they know we're writing hits
And their buyin' us drinks
And givin' us winks
They say I'll see you at the top, boy
Say I'll see you at the top
They say I'll see you at the top, boy

But there's bigger bills than this
In New York City
Los Angeles
Los Angeles
And their buyin' us drinks and their givin' us winks
Nate's pissing off the tenth floor
Nate's pissing off the tenth floor

Some people were born to rock n' roll
Some people were born to rock n' roll
Some people were born
Some people were born born
Some people were born to rock n' roll

And they're buyin' us drinks and they're givin' us winks
Say I'll see you at the top, boy
They're buyin' us drinks and they're givin' us winks
Next rounds on you
Next rounds on you, next rounds on you

And theres bigger bildings than this
In New York City
Los Angeles
Los Angeles
Nate's pissing off the tenth floor
Nate's pissing off the tenth floor
And we're beggin' for drinks and their givin' us winks

Some people were born
Some people were born born
Some people were born to rock n' roll
Some people were born
Some people were born born
Some people were born to rock n' roll
