

Murderdolls, Evil Is Good

Well god gave us a big black eye
And the devil puts a stick on it and says its alright
They tell us we must choose a side
Well why does darker one see so bright ?

Well the world telling us we're doomed
And they don't approve pointy hats and magic with brooms
Now I've got a question for you
Well if god so fuckin perfect why did he fuck up on you?

They tell us if we pray that when we die
We will go to a better place
Well I don't wanna do the things I shouldn't
Cuz it feels good to be evil cuz evil is good

Weel you go to church on Sunday to wash away
The shit you did the past six days now you're on your knees to
Pray well we pray your stupid god will come
And take you away

They tell us if we pray that when we die
We will go to a better place
Well I don't wanna do the things I shouldn't
Cuz it feels good to be evil cuz evil is good

Yeah evil is good
Yeah evil is good

Evil
Evil
Evil
Evil
Evil
Evil
