[Hook: Murphy Lee, King Jacob & The Professor]

[ML] Noow just to prove I aint different from you

[KJ] Derrty I aint nuttin' to do

[TP] I just wanna take a break

[KJ] No stress

[TP] No play

[ML] I just wanna lay and

[KJ] Chill at the crib all day..

[ML] Naw naw naw naw

[TP] It's time to get that ass off of the couch

[ML] Get up!

[TP] It's Friday night you gotta get the fuck out

[ML] Get the fuck out!

Okay, I got nuttin' to say

[KJ] Cuz we been chillin' at the crib all day

[Verse 1: The Professor]

We chieffin' laid back, loungin' like 3 pimps in the shade

Me, Murph we take a pair we at it again

Well ok, you should have nuttin' to say

We guarantee it gon be another hit man, ok?

For your reference, I been inside the house since 6

Bakin' up bars of rap, chieffin' & munchin' on chips

Now should I go dip? debate what style and color to get

We go out, we don't go out, this strickly parkin' lot pimpin'

That there sounds like a nice game plan

Nice thangs wit thick frames, no need to think twice man

Pick up some bud, pick up my boys, wipe off my dubs

Hittin' on chickens and buckets, so what they rollin' on hubs

I'm honkin' my horn like a animal straight from the barn

So what if they foreign? Prince don't discriminate not 1

(Outrageously, my baby mama pagin' me

I been at the crib all day so it's crazy see)

Call up a chick to come strip if I say

Let the phong just ring while I pick my place

Smashin' in John Madden whuppin' errybody ass

And it's a fact, Green Bay sendin' em Packin'

Man it's goin' on a three day thrashin'

Fuck this for real y'all, I need some action

Aw man, Murph don't wanna drive the Benz

But he's too busy tryin' to dodge his friends

I just wanna go back outside again

Get high again, sippin' Heineken's  
Grab my 22 inch wired rims  
Hit the street, got bitches pilin' in  
Wait 'til this nigga get through ironin'  
Jacob up, fuck this game I'm retirin'

[phone rings] St. Louis

(Murphy Lee, what size drawers ya need?)

A 36-38 cause 40 be too big

And hurry up so I can get out the crib

(Babysit!)

I love my nieces and nephews but I aint got no kids!

And shiit, hurry up before the bank close

(Boy you aint goin' to no bank, you prolly gonna see sum hoes)

Ahhh, I guess my sista know a brotha

I'm a nasty muthasucka cuz I'm poppin' wit cornbread and butta

Cua there aint nuttin' like booty in the daytime

Look at it wiggle, sunshinin' on the waistline

And matter fact fuck the whole nine

The whole time I'm thinkin' bout this party goin' downtown

I had to get my ass outta the bed (ah get up!)

Aint nuttin' like a lil' last minute head (ah you right)

Plus I see this girl like twice a week

And my granny made macaroni-n-cheese

So I'm out..
