

# Murphy Lee, Red Hot Riplets

(feat. Nelly, Ali, Kyjuan)

[Verse 1: Nelly]

Uh, uh, uh, uh

I'm automatical, infatical, radical even

I wanna clearr all the misconceptions and shit ya believe in

I'm leavin' nothin' to the imagination

I won't stop on my Emanicipation Proclamation

Through the radio stations

Facin' me, aint that hard but it aint that easy

Like I don't know when to play hard and when to play easy

Believe me, George and Weezy couldn't move up this fast

I'm lappin' errybody can't tell if I'm first or last

It won't hurt ya ass, but it might hurt yo ass

To come trippin', find derry got the perfect stash

The perfect gat, left in ya ass thought I would run

Laughin' at them niggaz who thought derry was done

I'm a, son a g, I'm not a son of bitch

I'm makin' sure that my son and my sons gon be rich

Daughters and my daughters in no particular order

I leave em layin up out the water wit straps to protect they ball up

Cuz I call it

[Hook: Ali & (Nelly) - x2]

I need some Kool-Aid (Whaa?)

Wit my red hot riplets

(Tell em what ya-tell em what mean man)

You all that and a bag of chips

And I just wanna know if me and you can dip

That's all

[Verse 2: Kyjuan]

Baby girl you sweeter than Kool-Aid, the red flavor

"Ooh that's my favorite", yeah I know my game is major

She gave me her card, she said I can page her

I was gon wait a couple of days but I did her a favor

Call her now, invite myself awake the neighbors

Beatin' loud, swoopin' like a caped crusader

Without the cape, without the tights

Her baby daddy was the type to have a truck like mine

No beach rims, no door pipes

Of course that, I love her apple bottom short set

She got upset, I said she couldn't fire up a cigarette

Small brat, aint used to cats wit short stacks

If you ask me for summin, drop her off where the porch at

I'm on a mission, turn the keys in the ignition

Beat steady, beatin' Tweeter steady whistlin'

She's seen my glisten, started to trip

Murph, she's all that and a bag of chips

[Hook: Ali & (Nelly) - x2]

I need some Kool-Aid (Whaa?)

Wit my red hot riplets

(Tell em what ya-tell em what mean man)

You all that and a bag of chips

And I just wanna know if me and you can dip

That's all

[Verse 3: Murphy Lee]

Look, I want some mushu whether I'm in Cali or Cancun

No goin' out, I like to stay in my damn room

(Damn!) She got a donkey-o, this must be a damn zoo

(Ooh!) Look at the monkey yo, she must be a baboon!

Please don't feed me mama I'm like an animal

Especially after 12, can you handle my stamina?  
You won't believe the things I say when you walk by  
My game cool but when it's on but it's hot when I talk high  
Now ought I, take you home but am I wrong  
I'm a kid ma, you know I don't wanna be Home Alone  
Plus I felt summin therre when we was dancin' on that song  
I like togetherness, can we all get along?  
Can we all, get in my car and talk about it in the morn'  
And make decisions when wake up and yawn  
Come on, you can tell me if you like it or not  
Cuz I'ma have my Kool-Aid and my riplets red hot

[Hook: Ali & (Nelly) - x2]  
I need some Kool-Aid (Whaa?)  
Wit my red hot riplets  
(Tell em what ya-tell em what mean man)  
You all that and a bag of chips  
And I just wanna know if me and you can dip  
That's all

[Verse 4: Ali]  
Yo, yo, them muthafuckas just too damn hot  
Nigga like the pie in the window  
Cross the gun line and even get shot to find the indo  
Eatin' red hot, riplets promotin' passin' out snippets  
Seen you walkin' wit the triplets, I'm clubbin lookin' terrific  
I need some Kool-Aid, shiit I got to get it wit it  
Put my spoon up in ya pitcher see if it fit up in it  
(And) smoke for a second (And) told her I'll wreck it  
Told her groupie connection, got in the room and told her get naked  
Told the Lunatics, told her how I reflect it  
Lemme show you from the Show-Me, no talk fo sho respect it  
And ya red hot, butt and now ya say ya hearin' not  
It's the rap Fred Flintstone, I makin' the Bed Rock  
I give it to ya never failin ya, handlin' business I'm tellin' ya  
You ever need me again I'ma be through in on my celluar  
And I'ma store y'all never on the red hot riplets and Kool-Aid  
(Kool-Aid!)..I need my money nigga..
