Murray McLauchlan, If The Wind Could Blow My T

If the wind could blow my troubles away
I would stand in a hurricane
Get washed away in the drivin' rain
If the wind could blow my troubles away
Blow my troubles away

If the wind could blow my troubles away
Tear the sadness from my face
I'd look in the mirror
I wouldn't see a trace
If the wind could blow my troubles away
Blow my troubles away

If the wind could blow my troubles away
See me stand with a smilin' face
Clothes all flappin' all over the place
If the wind could blow my troubles away
Blow my troubles away

If the wind could blow my troubles away
I would stand in a hurricane
Get washed away in the drivin' rain
If the wind could blow my troubles away
Blow my troubles away
