

# Murs, Dominant Freestyle

i'm hyperactive-you twice the faggot to bite a fat Penis  
mine; imagine you wrapping ur lips around it to make me splat quick  
fine; you have long hair and pretty nails  
but that does not exclude this dude into proving the fact he's not really male  
i'll fill him well-with a hundred buckets of wombat semen  
you wanna fight me cause you don't like me more that likely-right? good cause it's combat season  
i was a lost cause-kicked in the nuts and had to get gauzed balls  
downed a 5th of tall paul and the nurse left the room with glossed jaws  
she said it wasn't consensual-oh well i was into you  
tried to spit in you-leave you with a kid or two-then get rid of you  
i was doin 85 on a mountain bike  
drunk,saw a couple of cops-tried to sober up and down some sprite  
but i'm goin out tonight more or less imma clown and fight  
and it's a thousand dikes in the light and they all gone down my pipe  
i don't care if you lick clit, eat tush and don't wear lipstick  
i got a big Penis so swallow me whole til ur lips turn blistered stiff Bia// \*reply if you dig it\*
