

# Murs, Risky Business

(feat. Shock G and Humpty Hump)

(MURS)

See, had the place to myself, my parents went outta town  
So I had the music up and was runnin' around  
Singing to the beat of my favorite underground  
Song at the time, let's just say it was MURS  
I was rappin' in the mirror, I was knowin' every verse  
I was doin' my thang until the doorbell rang  
It was my homeboy Shock, a mellow type of fellow  
That I knew from up the block, he walked in and said:

(Shock G)

Yo, what's the deal MURS? First things first, you couldn'ta hit me  
At a better time, them four cars behind me, they with me  
All women, all dimes, the redhead she's mine  
She wanna hump me, yo that's my brother Humpty

(Humpty Hump)

What's up yo? Pardon me, but I gotta go, where the bathroom at?  
Y'all got liquor? Come on, Trina! Yo this house is fat  
'Ey cat, you wanna hit this? Oops I shouldn'ta did that  
I'll clean it up before your folks come home, yo where they at?

(MURS)

Man I don't believe you brought this nigga man I heard about his ass  
The only fool dumb enough to flunk his P.E. Class  
It's not that he's dumb, he's just wild and he's ignorant  
Known for gettin' mad drunk and gettin' all belligerent  
Man I'm sick of this I shouldn'ta told nobody  
I mean three's company, but four cars makes a party  
Mental note: lock the garage, hide the keys to dad's Rolls  
'Cause it's outta control, this bitch is taking off her clothes

(Shock G)

Is your dad's Rolls blue? 'Cause I got bad news  
Humpty took a cruise, and barbeque pit went in the pool  
Turned the water grey, I would stay and help you clean up  
But the neighbors say police are comin', I'm bout to G up

(Humpty Hump)

Beep, beep, beep! Yo, I'm back MURS, where should I park it?  
I brought the whole strip club with me, we bout to spark it  
My girl urled in your backseat, but yo it's cool  
We got weed and some shrooms, is it cool to use your dad's room?

(Chorus 2X)

It's risky business, man what is this?  
I'm caught up in a twist, and I'm tryin' to fix shit  
It's risky business, man what is this?  
I'm caught up in a twist, now I'm tryin' to fix it

(MURS)

What you mean my dad's room? Nigga is you crazy?  
And what's up with them glasses, what'cha eye kinda lazy?  
Anyways we gotta clean that shit up out the backseat  
But first what's up with that blonde, you think she  
likes black meat?

(Shock G)

She said she was a virgin to the brown, never splurged in the town  
But she's down, 'cause you got her all moist, like the Rolls Royce backseat  
'Least I can do is help you clean it up cousin

What time is mom and dad comin'?

(Humpty Hump)

Yo, why y'all bein' responsible and shit? We gotta hook up  
We tryin' to get these chicks upstairs, see what we can cook up  
One of them got their toes blue, coochie shaved, so cool  
My nose tryin' to be with those when the doors close fool

(MURS)

Exactly. Fuck the backseat I'm tryin' to smack cheeks  
Until they turn reddish, and satisfy my fetish  
Lay back and get some lettuce (Humpty: Yo, what'chu mean, head?) (Yeah)  
That's what I said, then call it a wrap (Shock: But what about your parents?)  
Well, they never called me back, I guess their flight got delayed  
So we got time to get layed, ayo Hump could you watch out for that white Escalade?  
(Humpty: Did you even have to ask?) Well since you're on the task  
I'ma head upstairs and get focused on some ass  
And if I start to scream, do your best to ignore me  
If my parents come in, just tell them the Burger King story  
Just keep 'em entertained until I finish gettin' brained  
(Humpty: Hello Ms. Connor, he's gettin' drained) And the name is Elaine

(Chorus 2X)
