Muse, Neutron Star Collision(Love is forever)

I was searching You were on a mission Then our hearts combined like A neutron star collision

I have nothing left to lose You took your time to choose Then we told each other With no trace of fear that...

Our love would be forever And if we die We die together And lie, I said never 'Cause our love would be forever

The world is broken Halos fail to glisten We try to make a difference But no one wants to listen

Hail, The preachers, fake and proud Their doctrines will be cloud Then they'll dissipate Like snowflakes in an ocean

Love is forever And we'll die, we'll die together And lie, I say never 'Cause our love could be forever

Now I've got nothing left to lose You take your time to choose I can tell you now without a trace of fear

That my love will be forever And we'll die, we'll die together Lie, I will never 'Cause our love will be forever
