Muse, Supremacy

Wake to see Your true emancipation is a fantasy Policies have risen up and overcome the brave

Greatness dies, unsung and lost, Invisible to history Embedded spies brainwashing Our children to be mean

You don't have long, I am on to you The time it has come to destroy

Your supremacy (supremacy)! Ahhh!

Ooh oh Ooh oh

You don't have long, I am on to you. The time it has come to destroy

Your supremacy (supremacy)! Your!

Supremacy (supremacy)!

Yeah ooh yeah oh
