

# Music Emporium, The Velvet Ending

Fading to  
to the barriers of my existence  
Will I wait?  
Assume to fold  
Feed off me  
I live off your persistence  
Will you wait?  
Will you wait for me?

Broken hearts were meant to bleed  
Sway the earth  
Flood these lands  
Pull down these trees  
Walk Away  
Away from me  
Walk Away

Every mirror  
Holds my illusion  
For any stranger to see  
Thrust the end  
Force my conclusion  
Will you wait?  
Will you wait for me?

Broken hearts were meant to bleed  
Sway the earth  
Flood these lands  
Pull down these trees  
Walk Away  
Away from me  
Walk Away x 3

Walk Away  
Away from me  
Walk away  
Walk Away  
Away from me  
Walk Away
