

Music Instructor, Superfly

D-Rock is the munch, with or without
Everybody knows that I'll slap their motherfuckers in their mouth
Better pay attention, as I lay this shit higher
Understand this funk, funk the bonfire
Burnin' in the city that I'm coming from the back
With this shit, 'cos yo're acting like you drop funk
Call me in n' out
I know you wanna sound like me
That's because I never imitate the upper MC's
U-u-upper MC's 3x
Are you super, super fly
Yeah, we super, super fly
And we gonna take you high
'Cos we super, super fly 2x
Super fly guy if you like it or not
Then you know - there's no pity, 'cos my city is hot
Here's a noble lesson, just before I retire
Takin' up ahead from my lick a barb wire
Rappers take your style, 'cos I'm strolling around
Collecting hit after hit, so I guess I drop bombs
I know, you never heard a rapper like me
That's because I'm superfly and a funky MC
U-u-upper MC's 3x
Are you super, super fly
Yeah, we super, super fly
And we gonna take you high
'Cos we super, super fly 2x
U-u-upper MC's
Yeah we super, super fly
And we gonna take you high 2x
U-u-upper MC's
