

# Musikk, Love Changes Everything

I was only seventeen  
When she looked at me that way  
Seems like yesterday  
I was only fooling round  
But she stole my heart away  
Ive never been the same

I felt the strangest feeling  
Like a raging fire it burned  
She left me, I cried for weeks and  
I cant forget her  
Or the lesson that I learned

Love changes, changes everything  
Love makes you fly  
It can break your wings  
Love changes, changes everything  
Love makes the rules  
From fools to kings  
Love changes  
Love changes everything

Then the years went rollin&#039; by  
I grew up and moved away  
Had to earn my pay  
Found another lover then  
But my heart is sad to say  
It only ended up the same way

And I wondered was I destined  
To spend my life alone  
Oh, girl, you answered my question  
This time it&#039;s working  
You&#039;ve given me new hope

I&#039;ve seen the way love shakes ya  
Makes ya, break ya  
It&#039;s got a power of it&#039;s own

Love changes, changes everything  
Love makes you fly  
It can break your wings  
Love changes, changes everything  
Love makes the rules  
From fools to kings  
Love changes  
Love changes everything
