

Musiq, B.U.D.D.Y.

Pardon me darlin'
If I alarmed ya
I don't mean to bother you
I just wanna
Get you to pause and
Slow your walk so
Maybe we can talk
And i can try to charm ya
Just tryin to find out who you are
I don't mean to come like a telemarketer
I ain't no hood, no crook, no robber
I just wanna pardon your heart i can borrow

Sometimes
And maybe I can call you up
Sometimes
And maybe I can take you out
Sometimes
So lets exchange digits
And later arrange visits
Either your place or mine (yeah)
This a different type of commitment (yeah)
I'm talking about a true friendship (yeah)
Someone I can depend on
And be down no matter what
Let me know if your wid it (cause girl)

It would be fly if you were my b-u-d-d-y
Don't be shy give it a try
I could be yours and u can be mine
I can't lie it'll be fly
It would be fly if you were my b-u-d-d-y
Don't be shy give it a try
I can be your and you can be mine

Sorry if I come off disrespectful
But my convo is a little bit too sexual
But damn its incredible be more flexible
Cause the context of this text is special
But wait let me explain it
A buddy is an equal beneficial arrangement
A buddy is a buddy that don't be complaining
When his or her buddy ain't the buddy you came wit

Sometimes
And maybe I can call u up
Sometimes
And maybe I can take u out
Sometimes
So lets exchange digits
And later arrange visits
Either your place or mine (yeah)
This a different type of commitment (yeah)
I'm talking about a true friendship (yeah)
Someone I can depend on
And be down no matter what
Let me know if your wid it (cause girl)

It would be fly if u were my b-u-d-d-y
Don't be shy give it a try
I could be your and you can be mine
I can't lie it'll be fly
It would be fly if you were my b-u-d-d-y
Don't be shy give it a try

I can be your and you can be mine

(oh oh oh)

Baby

What I'm tryin to say is (that)

Definition of a real buddy is (that)

She's that one down to have fun

(Ride shot gun) through the city with me

Together theres no limit to what we can do

And once we in it girl its all about me and u

So baby what you say, don't pass this by
