

# Musiq, Babygirl

Album: Juslisen (Just Listen)

woah...

so fine baby smell so nice.. when you walk on by yeah.

Pardon me my darlin

But do you have a second

Just so I can tell you how you caught my full attention

Now how is it that you look so well put together

Flawless as can be

It just doesn't get no better

Chorus

Hey Babygirl why don't you come home to me

And let me show you what some good lovin can be

Cause I got so much love inside and I wanna give

It all to you Babygirl, to you Babygirl

Ya bodys picture perfect and there ain't a brick that's missin

You look like yo mama raise you on them grits and chicken

Now I know that you heard this like probably all the time

But if you come wit me

I'm gon' make it worth your while

Chorus
