

# Musiq, Makeyouhappy

Uh, Just this moment when i woke up I turned on my Radio  
The Dj played my song  
I got up, got dressed and ready to go  
I thought about you  
so i called you right before i hit the road  
Just to tell you  
that my life won't be the same without you

(Bridge:)

'Cause When i wake up next to you  
The sun shines so much brighter  
And when i hear a song with you  
It seems to take me higher  
Just being with'chu is the truth  
Without you I'm a liar

So I wanna take this time to tell you what's on my mind  
Just thought that you should know

(Chorus:)

Girl with you here in my life  
Ev'ry thing I thought was right (was wrong)  
Babygirl you brought the light,  
Showed me that i was blind for (so long)  
Its the little things you do  
Its the reason why I'm rockin wit 'chu  
Cuz the way you make me feel  
Is something real ridiculous

(Verse 2:)

Baby you be doing things  
(Things for me That really blows my mind)  
You're not the selfish kind of lover  
(What's mine is yours, what's yours is mine)  
And even tho you know I can't  
(If i had my way I'd be with you all the time)  
Girl it amazes me the way that you  
Have changed my life 'cause

(Bridge:)

'Cause When i wake up next to you  
The sun shines so much brighter  
And when i hear a song with you  
It seems to take me higher  
Just being wit' chu is the truth  
Without you I'm a liar

So I wanna take this time to tell you what's on my mind  
I thought that you should know

(Chorus:)

Girl with you here in my life  
Ev'ry thing I thought was right (was wrong)  
Babygirl you brought the light,  
Showed me that i was blind for (so long)  
Its the little things you do  
Its the reason why I'm rockin wit 'chu  
Cuz the way you make me feel  
Is something real ridiculous

(Breakdown:)

Listen...Girl before you came around  
I was always tryna get down  
With almost every girl around the way

Like everyday but now  
Maybe you helped me to see  
That you're everything that I need  
You and me together, girl its so ridiculous

(Chorus: x2)

Girl with you here in my life  
Ev'ry thing I thought was right (was wrong)  
Babygirl you brought the light,  
Showed me that i was blind for (so long)  
Its the little things you do  
Its the reason why I'm rockin wit 'chu  
Cuz the way you make me feel
