

# Musiq, Romancipation

All this time you've been missing something girl  
And I've been trying to fill in all the empty spaces  
Up till now you haven't been romanced or loved  
But you keep on holding back and pushing me away because

You said you never had, said you never had  
Someone to love you back, someone to love you  
And when you gave your heart, and when you gave your heart  
You didn't give your all  
So let me be the one, let me be the one  
To show you there is more, to show you there is more  
Just give yourself to me, give yourself to me  
And let me free you girl

Chorus

Romancipation  
Romancipate yourself to all that you like  
Romancipation  
You'll never know unless you give it a try  
Romancipation  
Cause all the things you ever wanted to do  
Romancipation  
I can make it happen if you want me to

I can't understand why you act so nervous girl  
When you know my heart is filled with good intentions  
And that I'll never set out to hurt you babe  
But I guess that's just not enough to convince you to stay because  
(Repeat Pre-Hook)

Chorus

So girl won't you let me be the one to show you better  
I promise you that you'll want it always and forever  
So stop procrastinating there's so much love here waiting  
All you got to do is give into your romancipation
