

Musiq Soulchild, Intermission

Sometimes I wonder why people act like the way they do (uh)
All the drama and changes they like to take you through
Now it's cool to think that you cool with somebody
But bottom line reality (uh)
Don't matter how bad that you think you do
Dog you don't know me (no)
When you see me in public
Don't you worry bout it yo it's cool (uh)
I'll shake your hand and give mad love
I ain't got no beef with you (no)
You'll understand that sometimes I need my space to breathe (uh)
You'd probably feel the same as me
If these shoes we're on your feet (yeah)
I can't control how you feel about it (no no no the drama)
I sure can do with out it (yeah so go on)
And feel the way that you want (you want now)
Bout how you think how I am (how I am)
But remember at the end of the day
I'm just a person like you
Trying to do the best that I can
And that's real

Yeah oh oh so real
So real yeah
All I Want to thank you
For letting me be myself again
I wanna thank ya
I wanna thank ya
I wanna thank ya
I wanna thank ya
Thank ya (thank ya)

I wish that
