

Musiq Soulchild, Romancipation

All this time you've been missing something girl
And I've been trying to fill in all the empty spaces
Up til now you haven't been romance or loved
But you keep on holding back and pushing me away because

You said you never had, said you never had
Someone to love you back, someone to love
you and when you gave your heart,
and when you gave your heart
You didn't give your all
So let me be the one, let me be the one
To show you there is more, to show you there is more
Just give yourself to me, give yourself to me
And let me free you girl

[Chorus]

Romancipation
Romancipate yourself to all that you like
Romancipation
You'll never know unless you give it a try
Romancipation
For all the things you ever wanted to do
Romancipation
I can make it happen if you want me to

I cant understand why you act so nervous girl
When you know my heart is filled with good intentions
And that I'll never set out to hurt you babe
But I guess that's just not enough
To convince you to stay because
[repeat pre-hook]

[Chorus]

So girl won't you let me show you better
I promise you that you'll want it always and forever
So stop procrastinating there's so much love here waiting
All you gotta do is give into your romanciaption
