

Musiq, You And Me

Oh oh oh oh

I never thought on the first night you would bear
what you hold so dear to life
and share with me, all your inner most fantasies, Baby.

Afterwards in my arms you cried, got me feeling
some kind 'a way on the inside.
Then I knew, it was gonna be me and you.

Chorus:

So If no one wants to believe,
That what we share is meant to be,
Then it will be just you and me,
against the world.
And if our friends and family,
can't bear to see us both happy,
Then it will be just you and me,
against the world.

I'm not the kind to kiss and tell,
But my man said he really knows you well,
but I don't care, cause I wanna know you for my damn self.
Even my sister said you scandalis (sp)
said you're known to go from one man to the next,
But I don't care what she say,
Cause your gonna forever be my lady.

Chorus

I wouldn't care if you was a prostitute,
and that you hit every man that you ever knew.
It wouldn't make a difference if that was way before me and you.
And you don't ever have to worry about me,
as long as you keep it real,
Whatever's on your mind, you speak on how you feel.
Stay true to me, never lyin to me.
Don't ever keep no secrets,
NO matter, whatever, whatever, no, girl you know what I mean.
They can say what they want, but it will never change my views.
They will never know you the way that I know you.
See i'm trying to share the rest of my whole life with you.
and if we gotta be alone. So be it then and if they can't understand our love, we don't need them..

Chorus
