

# Mustard Plug, Go

Spent too much time alone, just sitting by the telephone now  
I've gotta find a place to go  
I've got a right, I've got a dream, I gotta know  
Why can't you see I need to find this place to go?

The wrong way  
The right time  
You know it  
It'll be fine

I've spent my life trying to find, to open up what's deep inside  
To find the truth to what I know  
I've got a right, I've got a dream, I gotta know  
Why can't you see I need to find this place to go?

It's getting late, I'm getting old  
What I've said is already told  
Now's the time to set things straight  
What have I done what will I be?  
What do I have what will I see?  
Now I've got all I need to know
