

Mustard Plug, Over The Edge

It's not the first time
It's not the last time
It's just high time
I think you had a talking to
Because they're talking
You know they're talking,talking
How the last time
You took it way too far

Going (going)
Over the edge!

Another phone call
Another text mess
All the while
I told you not to call again!
But you're not listening
We've hit a dead end
You better wake up
It's the last chance you'll ever have

And now the time has come
And we're face to face
Now is the time
Now is the place
