

Mutya Buena, Strong out

When we stuck it out
it was fun so cool
not the ready heavy just a little after school
you chasing dreams
and livin for today
live was for the takin
it was such a simple game
I dont know when
and I dont know why
certainly I muched you
and a part of you had died
you gonna takin it to far
I dont recognize who you are
strong out
you wastin all our love away
A many otherwords to say
is there nothing any throug
cause I can better see
strong out
but leavin there is nothing more
when everything the pain goes on
tell me what they gonna say
we shot yourselve away
It's a long way down
when your flying high
noone's on there catch you
when you told him many lies
is hard for me
I'm not their break
please god help me now I dissomething let their say
my criminissions are comin true
you tell me babe what you are tryin to proof
you hurtin me
breakin me
you still forsakin me why can`t you see oh
strong out
you wastin all our love away
A many otherwords to say
is there nothing any throug
cause I can better see
you strong out
but leavin there is nothing more
when everything the pain goes on
tell me what they gonna say
we shot yourselve away
(Adlibs)
strong out
you wastin all our love away
A many otherwords to say
is there nothing any throug
cause I can better see
strong out
but leavin there is nothing more
when everything the pain goes on
tell me what they gonna say
we shot yourselve away
