

# MxPx, Cristalena

Cristalena, ya she's so cool  
Crsitalena, she's out of control  
Half the time she don't know where she's at  
Cristalena don't know much about that  
But you know, and I know Cristalena  
But you know, and I know where I've seen her  
Cristalena, she's in her own world  
she's always happy as a littly girl  
Cristalen's nice unless she's annoyed  
Cristalena happens to like boys - but not me  
Cristalena, where'd you go?  
Don't even know where you've been  
Cristalena, won't you stay?  
Please don't go away, won't you be my friend?
