

MxPx, Don't Look Back

Does it matter to you, does it matter to me?
Does it matter to anybody?
Just when you thought it was safe
Just when you thought you were free
Don't look back

In this life we don't have a lot of time
We don't have the time to waste it
We've got to make the best of what we have
But you don't know what you have
Or what you don't have

It's like being tired but you just can't sleep
Your bed is obsolete
It's like finding out the best things in life are free
After you already paid

In this life we don't have a lot of time
We don't have the time to waste it
We've got to make the best of what we have
But you don't know what you have
Or what you don't have

I want to make a difference in this world
A choice to a change to change the choice
I want to take control of my own life
Treat everybody right
I'm gonna try, I'm gonna try, gonna try

I want to make a difference in this world
A choice to a change to change the choice
I want to take control of my own life
Treat everybody right
I'm gonna try
