

MxPx, Good Friends Are Hard To Find

I can't live without you
But I can't live with you either
The van's just way too small is all
We've got cabin fever

Just try and understand the life gone wrong
Just try and understand if this takes long

Communication breaking up
I'm having trouble hearing
Maybe we should wait a couple miles
Our heads could use some clearing

Just try and understand the life gone wrong
Just try and understand if this takes long

We've gone through this before
And I don't want to feel this way no more
No glory all the time
But really things are gonna turn out fine
Don't make me change my mind they'll turn out fine

It's so hard to apologize but I am truly sorry
When I'm going to realize
We built up this story
It's going to hurt but this is fact
That's no where in sub-contract

We've gone through this before
And I don't want to feel this way no more
No glory all the time
But really things are gonna turn out fine
Don't make me change my mind they'll turn out fine

All the goods times that we've had
Sure to think of all the bad

We've gone through this before
And I don't want to feel this way no more
No glory all the time
But really things are gonna turn out fine
Don't make me change my mind they'll turn out fine

Gonna lose my mind
