

MxPx, Responsibility

I dont want this responsibility
And dont use me because I dont agree
Why lie, do or die?
Why lie, do or?
Responsibility? whats that?
Responsibility? not quite yet
Responsibility? whats that?
I dont want to think about it; wed be better off without it
You think Im so simplistic
Im onto you and your tricks
Im still young and Id like to stay that way
cause growing up wont make everything okay
Im still young and Id like to stay that way
Ive got a voice and Ive got a lot to say
Ive got a lot to say. . .
