

# MxPx, Southbound

It's all the same  
same old town witha different name  
That's fine by me  
there's only one place that I wanna be  
Southbound on I-5  
and windows down and music on the stereo  
I'm drivin' and I'm dreamin'  
there's no place I'd rather go  
Staring at white lines on the side of the road  
(Playing every night with the occasional fight)  
Been on the road awhile  
I gotta get back to a place with style  
Hang out, havin' fun  
I gotta get back to the beach in the sun
