

# MxPx, Swing Set Girl

It doesn't make any sense to me  
I was in the park, almost too dark to see  
i just couldn't help but stare  
just me and her no one else was there

She's my swing set girl  
She makes my heart sing  
She's my swing set girl  
I love to watch her swing

I know those kinda girls don't go for guys like me  
so I guess I haven't got a lot to lose  
but I just can't help wondering  
what's she gonna say to me
